## WELCOME TO SCSTMA

Dr. Bert McCarty

How to chemically and culturally remove perennial ryegrass from overseeded fields as well as cover pre and post-emergence control of summer annual weeds.

Mr. Lee Butler

How to properly diagnose turfgrass diseases onsite as well as how to properly submit samples for testing, interpret results, and apply appropriate products in order to achieve adequate control.

Dr. Haibo Liu

Focus on proper rates and applications of both liquid and granular fertilizer products to bermudagrass fields as well as turf performance trial updates.

Mr. Casey Reynolds

What effects repeated applications of paint have on turfgrass growth processes such as photosynthesis, transpiration, light quality/quantity, and carbohydrate assimilation within the plant.
